

May 2023

Dear Praying Friend,

What an exciting month! God saved souls each week. The Lord led his people to give over \$300,000.00 to missions. God encouraged young people to surrender in the three churches I served in May.

This month, Brother Cody Carden, an Ambassador Baptist College student, chose to do his academic ministry internship with me. He will accompany me to See the Harvest in Scotland and visit seven missionary families in Mexico. He will attend two mission conferences and one youth conference.

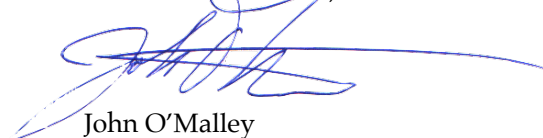

Cody wrote in his weekly updates: *"So many new experiences have caused me to thank the Lord for what I have and what He's done for me. This summer, I am living in the realm of the unfamiliar yet spectacular. I'm beyond thankful that my God never changes as my summer journey continues."*

Would you pray for Cody? He has 70% of the funds raised for this mission's internship. I will help him as I can. Please consider supporting him with a one-time offering. You can send any support to World Wide New Testament Baptist Missions for Brother Carden. He completes his internship at the end of the summer.

Thank you for your help with See the Harvest. God met my financial need through your prayers and giving. We hope to bring the light of the Gospel to Scotland because you gave.

Yours for the harvest,

John O'Malley
